## The D. M. Read Co.

Established 1857.

## Of Interest to the Shopper.

The collection of Upholstered Leather Chairs for library and livingroom use is very pleasing. They are luxurious in every sense of the word, elegant and dignified in appearance. One will find many designs, large and deeply tufted Turkish Chairs, Wing Chairs, Fireside Chairs, and a variety of Armed Rockers.

As for durability, genuine hand-buffed leather will last out the average lifetime.

Entire Library Suites, consisting of divan and several Chairs may be had in colored leather, dark green or brown.

A Telephone Table with accompanying seat is a great convenience. A small baize-covered shelf which can be swung to any angle holds the telephone, there is abundant space on the table for writing pad or other articles, and an undershelf is for the book. The seat slips under the table out of the way when not in use. These outfits are in Golden or Mission Oak, very handsomely finished. \$8.00 complete.

Leather Spreads for the library table consist of a whole sheepskin, and are of an exquisite velvety finish. These skins take coloring perfectly and may be had in soft shades of brown, reseed, myrtle, light green, tan, red, and even in purple. They are not expensive. \$1.79 and good size. In the Upholstery Store.

An Empire Neglige Gown is of cotton crepe, and has enormous water lilies on a dark ground. With the lilies are large leaves and many interwoven long stems. It is a very effective gown and an unusual pattern.

A system of selling Toothbrushes which has been found to give satisfaction is that at our Toilet Section. Each brush is in its own separate individual box, and it is not handled from the time it leaves the manufacturer until it reaches the customer. Each brush is warranted. 25 cents.
